Are your hands dirty from your morning commute?

New testing reveals contamination hot spots.

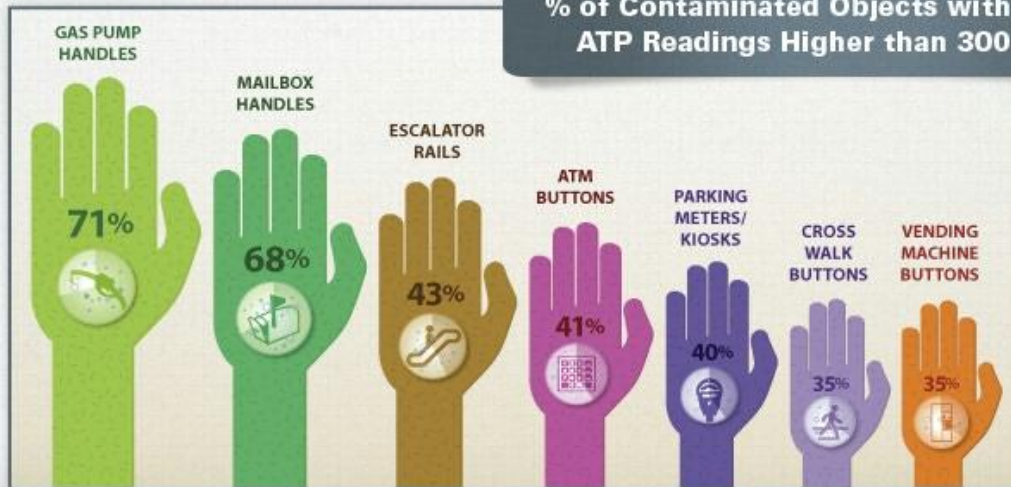

KIMBERLY-CLARK PROFESSIONAL* conducted contamination testing on everyday objects people commonly come in contact with in six cities across the U.S.; Atlanta, Chicago, Dallas, Los Angeles, Miami and Philadelphia.

Under careful supervision of trained hygienists, a total of seven objects in each city were swabbed. Using a Hygiene ATP Meter, a device commonly used to monitor sanitary conditions, hygienists swabbed the objects to measure levels of Adenosine Triphosphate.

Everyday objects with an ATP reading of 300 or higher are considered to have a high risk for illness transmission. In all, more than 350 separate swabs were taken and analyzed.

The findings show that people encounter armies of contaminants while just getting to work every day, reinforcing the importance of proper hand and surface hygiene as critical to a healthy workplace.

% of Contaminated Objects with ATP Readings Higher than 300

To keep your workspace healthy, remember to do this every day:

DECK

Cleaners & Degreasers (Water Based)

Super Red Plus

This is a specialty blend of concentrated emulsifiers, surface active agents, high foaming surfactants, and detergents. This product was designed for cleaning and degreasing food processing equipment, tanks, and machine parts, cooling water systems, air coolers and fuel oil heaters. The extremely high solids content and high pH (13.8) and can be diluted up to 600:1 for steam cleaning applications. Excellent for removing “stack” carbon, emulsifies oil and grease. Use protective gear and apply with pressure washer, foam gun or brush. (HOC) CAT: A1

Super Red

This product is similar to Super Red Plus, but safer on the skin due to lower pH (11.9). Use protective gear and apply with pressure washer, foam gun or brush. (HOC) CAT: A1

Formula 222

Removes fish slime, carbon and oil (slight emulsification on petroleum) quick rinsing. For general cleaning mix 2oz with a gallon of water, for use as a Heavy Duty “Spray & Wipe” at 1oz per pint of water. (HOC)

Citrus Power

Excellent degreaser ideal for pressure washer cleaning from the light duty jobs to heavy duty job. Can be used manual with brush and sponge for the tough areas. Safe to use on painted surfaces. (HOC)

Enviro Safe H2O2 R-T-U Cleaner (New!)

Using the power of hydrogen peroxide, this product is the next generation in cleaning. There are many “oxygen-based” cleaners on the market these days, but H2O2 R-T-U is different. It is specifically formulated at a higher pH than other cleaners. Hydrogen peroxide is more active at a higher pH, which means better cleaning and stain removing properties than the other market brands. This higher pH also allows the surfactants to work better. (ANC)

Enviro Safe H2O2 Concentrate (New!)

Using the power of hydrogen peroxide, this product is the latest generation in cleaning. Specifically formulated at a higher pH than other cleaners, the hydrogen peroxide is more active, which provides better cleaning, and stain removing. This pH also allows the surfactants to be more effective, ultimately giving you better cleaning performance. This concentrated formula can also be diluted at a variety of rates to clean everything from delicate fabrics to hard surfaces. (ANC)

Enviro Safe Zero FP Concentrate (New!)

This powerful cleaning concentrate gets its name for its zero rating in three NFPA categories of flammability, health, and reactivity. It is so safe it can be used to clean virtually any surface metal, plastic, wood, fiberglass, rubber, fabrics, glass, and more. But this concentrate is not only safe to use, it's strong. (ANC)

DECK

KNOCKOUT (New! vs. Fist)

With its advanced blend of unique surfactants and alkaline builders offers one of the most effective cleaning products of its kind. KNOCKOUT is designed to offer thorough cleaning results for difficult tasks that most products do not. KNOCKOUT is concentrated and can be diluting with fresh or seawater is important. Once diluted to desired levels use pressure equipment, brushes, or scouring pads to agitate or spray and wipe surfaces to be cleaned. A water rinse maybe required at stronger dilution ratios. (KCC)

SEAMASTER (New! vs. Harbor Master)

This cleaner & degreaser is the latest generation in cleaning technology. SEAMASTER is designed to comply with strict environmental standards and good stewardship of our marine and industrial environment. Is safe to use with no BIO accumulation and offers excellent results removing stubborn soils from water safe surfaces. SEAMASTER Cleaner & Degreaser is outstanding at removing petroleum, vegetable and animal oil and grease. SEAMASTER cleaner and degreaser is one of the safest products of its kind, offering performance with a safe and gentle experience for the user and the environment. (KCC)

Cleaners & Degreasers (Solvent Based)

Grease Master

This 95% citrus solvent is made with emulsifiers and is biodegradable. Dissolves tar, pinion grease, carbon, and opens grease traps. (ANC) CAT: C1

Grease Master (Aerosol)

Degreaser and Deodorant – Natural Citrus is a safe alternative for degreasing and cleaning. Removes and dissolves grease, grime asphalt, oil and tar without harsh chemical odors. Heavy flushing action instantly begins working to penetrate, loosen and lift soils away. Parts can be left to air-dry with negligible residue, or can be rinsed clean with water. (ANC)

Citri Solv

Citri Solv is an economy blend of natural solvents, citrus oils and bio-gradable water based detergents capable of efficiently “Boring through” the toughest grease and grime. This degreaser removes grease, oil, ink, tar, asphalt, and cuts bunker oil and many other difficult substances. (HOC)

DECK

Rust Removers and Primer

Rust Away Concentrate

A heavily bodied, high performance, acid based cleaner designed to dissolve rust and oxidation on metal surfaces. Because of the versatility of the product it can be used as a rust stripper, a metal conditioner, a metal brightener and a tarnish remover for copper, brass and other nonferrous metals. Its surfactant system allows it to remove grease and oil simultaneously to removing oxidation and corrosion. Also dissolves running rust. No rinsing needed. Rinsing will degrease prepped surfaces. Ready for painting when dry. (HOC)

Aluma Bright

This is a specially formulation cleaner and oxidation remover that gives aluminum brightness obtainable in no other way. “Aluma Bright” is a complex of many chemicals, which remove diesel smoke deposits, salt film, oxidation and discoloration. It also contains grease-cutting solvents, which remove grease and dirt. (HOC) CAT: A3

DECK

Penetrating Oils & Grease

Shop Foreman (Aerosol)

A fast acting PENETRANT that quickly cuts through dirt, rust and scale to creep into parts which have become frozen by or encrusted with corrosion and oxidation. It provides a long-lasting LUBRICANT which loosens dirt, rust and other corrosive elements. Reduces friction and will not become dry, brittle or hard. Also prevents surface deterioration by acting as a DEMOISTURANT, which, with its unique molecular film, seals out water on all treated surfaces. It is a true multi-purpose protectant spray that provides shield-like film against the harmful effects of moisture and corrosion. (ANC)

Red Spray Grease (Aerosol)

A special penetrating formula that sprays as a liquid to flush off old contaminated lubricant, creep deeply into working parts and then set up to a viscous, thick grease. Will withstand temperatures up to 500°F, and is highly resistant to water, acid and detergent wash-out. (ANC)

Chain & Cable Lubricant (Aerosol)

This provides thick foam that clings to vertical surfaces. As foam breaks, lubricant penetrates into wire rope and roller chain mechanisms. Deposits Molybdenum Disulfide-based grease and provides surfaces with superior lubricating properties. It protects against high temperature and extreme pressure environments. Grease will not break down, fly off or wash away with water or steam. It retains lubricating properties under heavy shock load, acidic environments and salt spray prevents surface oxidation and corrosion. Super high tack formula provides active lubricant dispersion while equipment is in operation. (ANC)

Metal Parts Protector (Aerosol)

This is a flexible, semi-hard, dirt-resistant, long-term, anti-rust and anti-corrosion film that protects metals from exposure to weather, high humidity, chemical fumes and salt sprays. Excellent for protecting parts in transit or storage, and easily removed with safety solvent. (ANC)

WD-40® Lubricant with Smart Straw® (Aerosol)

More than just a lubricant it has over 2,000 uses. Degreases, stops squeaks, cleans and protects tools, gears and other mechanisms. Removes stickers and adhesives, loosens rust and does so much more! Now you can protect, clean and lubricate thousands of items without losing the straw. Permanently attached Smart Straw® sprays two ways - flip straw up for a precision stream or down for regular spray action. 12/12-oz. Cans/Case (WDC)

DECK

Exceptional Workplaces®

General Purpose Towels & Wipers

Good for hygiene and for business. Towels and wipers are available in a range of styles for durability and strength.

KLEENEX® PREMIERE Roll Towel

Kleenex® Premiere Kitchen Roll Towels are strong and tear-resistant towel for wiping up spills and drying hands.

13964 - 10.4 x 11" - 24/70ct Rolls / Case

SCOTT® Roll Towels

More sheets on a roll to last longer. Smaller case packs for easier handling and storage. Made with ABSORBENCY POCKETS® for a soft and absorbent performance to handle tough spills and clean-up.

13608 - 8.78 x 11" - 15/96ct Rolls / Case

41482 - 8.78 x 11" - 20/128ct Rolls / Case

WYPALL® Microfiber Cloths with Microban® Protection

The WYPALL® Microfiber Cloths with Microban® Protection are designed with the cleaning professional in mind, and are environmentally friendly, green cleaning options that can be used without chemicals. They help you to clean smarter, while inhibiting the growth of stain- and odor- causing bacteria on the cloths. These Microfiber Cloths are 15.75" x 15.75", packed 6 cloths per bag / 4 bags per Case.

83610 - Yellow

83620 - Blue

83630 - Green

83980 - Red

WYPALL™ X70 Wipers

WYPALL® X70 Wipers have what it takes to tackle those heavy-duty industrial jobs usually handled by cloth rags. Count on WYPALL® X70 Wipers for long-lasting performance that extends usage and reduces waste. Pound for pound absorbs more oil and water than rags. Strong enough to clean oil, grime and solvent with one wipe. This is a very versatile, economical alternative to scrap rags and shop towels.

- Designed to outperform rags.
- No adhesives or binders; leaves no residue.
- Reinforced for extra scrubbing and cleaning power.
- Excellent for lint free window and mirror cleaning.
- Tough enough for big jobs yet soft enough for face and hands.

DECK

Spill Containment

Zorb Pad

ENPAC melt blown oil-select polypropylene sorbent pads are the most cost-effective absorption technology available. Minimum size is 270 square inches. Fast wicking fibers absorb up to 25 times their weight. Sonic-Bonded Medium Weight Oil-only Pad, 100/case, 36 Cases / pallet. (ENP)

Zorb Sock

ENPAC sorbent socks are an excellent choice for surrounding spills and for use around machinery and equipment. Oil-only Sock: Nominal 3" diameter, minimum Length 8', 20/case, 20 Cases / pallet. (ENP)

30gl Spill Kit

A great Spill Kit to have around. It has a lot and is very simple and easy to use. Contains the following: 30 Gal. Salvage Drum, 50 Pads, 2 - Large Socks, 6 - Small Socks, 1 package Wipers, 3# of STARDUST, 2 Disposal Bags with Ties, 1 pr Nitrile Gloves, 1 pr Goggles, Emergency Response Guide, Instruction Sheet and MSDS(s). (ENP)

(ENP) 1330-YE Universal

(ENP) 1331-YE Aggressive

(ENP) 1332-YE Oil Only

Rags 25lbs

Color T-shirt rags vacuumed pack in plastic. (RAG)

Cleaners & Degreasers (Water Based)

Super Red Plus

This is a specialty blend of concentrated emulsifiers, surface active agents, high foaming surfactants, and detergents. This product was designed for cleaning and degreasing food processing equipment, tanks, and machine parts, cooling water systems, air coolers and fuel oil heaters. The extremely high solids content and high pH (13.8) and can be diluted up to 600:1 for steam cleaning applications. Excellent for removing “stack” carbon, emulsifies oil and grease. Use protective gear and apply with pressure washer, foam gun or brush. (HOC) CAT: A1

Super Red

This product is similar to Super Red Plus, but safer on the skin due to lower pH (11.9). Use protective gear and apply with pressure washer, foam gun or brush. (HOC) CAT: A1

Super Scrub

A true multi-purpose cleaner for shipboard use can be used for light duty cleaning and those big heavy duty cleaning jobs. Cut grease, carbon, cutting & hydraulic oils. Low foaming and safe on paint emulsifies petroleum and rinses freely. Maybe used with scrubbing machine or as “no-rinse Spray & Wipe”. (HOC)

Formula 222

Removes fish slime, carbon and oil (slight emulsification on petroleum) quick rinsing. For general cleaning mix 2oz with a gallon of water, for use as a Heavy Duty “Spray & Wipe” at 1oz per pint of water. (HOC)

Citrus Power

Excellent degreaser ideal for pressure washer cleaning from the light duty jobs to heavy duty job. Can be used manual with brush and sponge for the tough areas. Safe to use on painted surfaces. (HOC)

Enviro Safe H2O2 Concentrate (New!)

Using the power of hydrogen peroxide, this product is the latest generation in cleaning. Specifically formulated at a higher pH than other cleaners, the hydrogen peroxide is more active, which provides better cleaning, and stain removing. This pH also allows the surfactants to be more effective, ultimately giving you better cleaning performance. This concentrated formula can also be diluted at a variety of rates to clean everything from delicate fabrics to hard surfaces. (ANC)

ENGINEERING

Enviro Safe Zero FP Concentrate (New!)

SEAMASTER (New! vs. Harbor Master)

This cleaner & degreaser is the latest generation in cleaning technology. SEAMASTER™ is designed to comply with strict environmental standards and good stewardship of our marine and industrial environment. Is safe to use with no BIO accumulation and offers excellent results removing stubborn soils from water safe surfaces. SEAMASTER™ Cleaner & Degreaser is outstanding at removing petroleum, vegetable and animal oil and grease. SEAMASTER™ cleaner and degreaser is one of the safest products of its kind, offering performance with a safe and gentle experience for the user and the environment. (ANC)

Cleaners & Degreasers (Solvent Based)

Citri Solv

Citri Solv is an economy blend of natural solvents, citrus oils and bio-gradable water based detergents capable of efficiently “Boring through” the toughest grease and grime. This degreaser removes grease, oil, ink, tar, asphalt, and cuts bunker oil and many other difficult substances. (HOC)

Grease Master

This 95% citrus solvent is made with emulsifiers and is biodegradable. Dissolves tar, pinion grease, carbon, and opens grease traps. (ANC) *CAT: C1*

Grease Master (Aerosol)

Degreaser and Deodorant - Natural Citrus is a safe alternative for degreasing and cleaning. Removes and dissolves grease, grime asphalt, oil and tar without harsh chemical odors. Heavy flushing action instantly begins working to penetrate, loosen and lift soils away. Parts can be left to air-dry with negligible residue, or can be rinsed clean with water. (ANC)

Aluma Bright

This is a specially formulation cleaner and oxidation remover that gives aluminum brightness obtainable in no other way. “Aluma Bright” is a complex of many chemicals, which remove diesel smoke deposits, salt film, oxidation and discoloration. It also contains grease-cutting solvents, which remove grease and dirt. (HOC) *CAT: A3*

ENGINEERING

Electronic Solve (Aerosol)

This is a high-purity, high-dielectric, rapidly-evaporating, non-flammable contact and circuit board cleaner, specially formulated for removing oil, grease, condensation, dust and other particulate matter from sensitive electronic parts. Quick drying formula will not harm most plastics, paints or rubbers. This solvent system has tested safe on: Neoprene, Buna, Silicone, Butyl and Natural Rubber, Nylon, Hypalon, PTFE, PVC, Polyurethane, Polystyrene, Polyethylene, Polypropylene, Epoxy and ABS. (ANC)

Misty® ICS Energized Electrical Cleaner (Aerosol)

This is a highly concentrated solvent designed to remove dirt, grease, oil and grime from surfaces of electrical equipment where cleaning and/or degreasing is accomplished when electrical current exists, or when there is a residual electrical potential from a component, such as a capacitor. Cleaning is quick and simple without the danger of injury to working parts. This solvent is ideally suited for use on energized systems: electric motors (even while running), electrical equipment, generators and power tools. It is nonflammable and nonconductive so it will not short motors, generators, other electrical equipment, or increase fire hazard. NSF/USDA Classification: K2. 12/20-oz Cans per Case. (AMR)

Misty® Brake Parts Cleaner “50” (Aerosol)

This highly active solvent blend provides maximum performance in a brake parts cleaner without the use of ozone depleters or chlorinated solvents. Powerful blasting spray easily removes brake fluid, grease, oily dirt and contaminants from linings, pads and drums, cylinders and springs without disassembling the brake unit. This special formula is also suitable for cleaning equipment, tools plus parts and meets or exceeds current state V.O.C. requirements for all 50 states, including the latest reductions for California. (AMR)

ENGINEERING

Penetrating Oils & Grease

Shop Foreman (Aerosol)

A fast acting PENETRANT that quickly cuts through dirt, rust and scale to creep into parts which have become frozen by or encrusted with corrosion and oxidation. It provides a long-lasting LUBRICANT which loosens dirt, rust and other corrosive elements. Reduces friction and will not become dry, brittle or hard. Also prevents surface deterioration by acting as a DEMOISTURANT, which, with its unique molecular film, seals out water on all treated surfaces. It is a true multi-purpose protectant spray that provides shield-like film against the harmful effects of moisture and corrosion. (ANC)

Red Spray Grease (Aerosol)

A special penetrating formula that sprays as a liquid to flush off old contaminated lubricant, creep deeply into working parts and then set up to a viscous, thick grease. Will withstand temperatures up to 500°F, is highly resistant to water, acid and detergent washout. (ANC)

Metal Parts Protector (Aerosol)

This is a flexible, semi-hard, dirt-resistant, long-term, anti-rust and anti-corrosion film that protects metals from exposure to weather, high humidity, chemical fumes and salt sprays. Excellent for protecting parts in transit or storage, and easily removed with safety solvent. (ANC)

WD-40® Lubricant with Smart Straw® (Aerosol)

More than just a lubricant it has over 2,000 uses. Degreases, stops squeaks, cleans and protects tools, gears and other mechanisms. Removes stickers and adhesives, loosens rust and does so much more! Now you can protect, clean and lubricate thousands of items without losing the straw. Permanently attached Smart Straw® sprays two ways - flip straw up for a precision stream or down for regular spray action. 12/12-oz. Cans/Case (WDC)

WDC 110184 WD-40® Trigger Pro® Non-Aerosol Multipurpose Lubricant

Get the same great WD-40® formula, now in a non-aerosol can. Multi-action trigger nozzle delivers just the right amount where you need it. Heavy-duty spray trigger prevents leakage or overspray. Nozzle's off position means no accidental spraying in your truck, tool box or storage cabinet. Not bound by aerosol disposal regulations. 12/20oz Cans (WDC)

WYPALL® Microfiber Cloths with Microban® Protection

The WYPALL® Microfiber Cloths with Microban® Protection are designed with the cleaning professional in mind, and are environmentally friendly, green cleaning options that can be used without chemicals. They help you to clean smarter, while inhibiting the growth of stain- and odor- causing bacteria on the cloths. These Microfiber Cloths are 15.75" x 15.75", packed 6 cloths per bag / 4 bags per Case.

83610 - Yellow

83620 - Blue

83630 - Green

83980 - Red

WYPALL™ X80 Wipers

WYPALL® X80 Wipers in our BRAG® Box format and white or blue color. X80 wipers are the wiper of choice for your toughest jobs. Heavy industrial tasks, cleaning grease, grime and oil, solvent wiping, cleaning rough surfaces, or any other challenging task are where our X80 wipers play best.

- Designed to outperform rags.
- No adhesives or binders; leaves no residue.
- Reinforced for extra scrubbing and cleaning power.
- Excellent for lint free window and mirror cleaning.
- Tough enough for big jobs yet soft enough for face and hands.
- Pound for Pound, absorbs more water and oil than rental shop towels.

Hand Care

ENGINEERING

KUTOL Orange Scrub with Pumice

This superior natural citrus-based cleaner with pumice has extra d\’limonene solvent to clean all types of soils including ink, paint, and tar. Petroleum-free and can be used without water. Has opaque orange appearance with citrus scent. (KUT)

GOJO NATURAL ORANGE Smooth Hand Cleaner (Lotion)

This is a quick-acting lotion formula for cleaning a broad range of industrial soils, medium dirt and grease. Contains natural citrus ingredients and has a pleasant Orange citrus scent. Product qualifies as a USDA Bio-Preferred product for Federal preferred procurement. (GOJ)

GOJO NATURAL ORANGE Pumice Hand Cleaner (Lotion)

This is a quick-acting lotion formula with pumice scrubbing particles for cleaning a broad range of industrial soils, medium dirt and grease. Contains natural citrus ingredients and has a pleasant Orange citrus scent. (GOJ)

Lava® Pumice Hand Soap

Professional heavy-duty hand soap with pumice and moisturizers visibly cleans dirt, grease, oil, ink, tar, paint, caulk and adhesives from hands. (WDC)

WYPALL Waterless Cleaning Wipes

These wipes remove grease from hands, tools and machinery. WypAll® Waterless Cleaning Wipes are formulated with an alcohol-free natural citrus-extract cleaning agent. The specially designed cleaning fabric incorporates a textured surface to increase scrubbing action for more thorough cleaning, while being thin and flexible enough to get into tight spaces. Degreaser powers through stuck-on grease, grime and oil. Our soothing ingredients aid in moisturizing the skin. (KCC)

Exceptional
Workplaces®

SCOTT® Roll Control Center-Pull Towel

The SCOTT® Towels are used with our center-pull systems that reduce dispensing problems & provide more hand dries per case - the economical and effective choice for your hand drying needs. They meet the EPA standards with a minimum 40% post consumer waste. 7.8" roll diameter. (KCC)

KC Professional Center Pull Towel Dispenser

No matter which direction you pull, it's easier than ever to pull off one fresh towel from our Roll Control Center-Pull Towel System. Patent pending design minimizes roping and streaming. One-handed loading makes for reduced maintenance time. One at a time dispensing reduces costs and waste. Made of durable ABS Plastic and are available in White or Smoke. Keyed or push button lock flexibility. (KCC)

ENGINEERING

Water Treatments

Cool Ade

Cool Ade functions as a protective corrosion inhibitor and scale suppressant. It helps keep engine cooling systems clean and free from corrosive attack, and harmful insulating deposits, thereby maintaining design heat transfer efficiency and longer engine life. (HOC)

LP Boiler Water Treatment

This is a “4 in 1” Auxiliary Boiler Treatment. Prevents sludge formation, suspends solids, eliminates corrosion and prevents scale build up. (HOC)

Evaporator Treatment

This blend of specialized polymers and concentrated anti-foaming agents to prevent formation of mineral and scale deposits in pressure evaporators. It is effectively used in fresh, salt and brackish water and at all temperatures. (HOC)

Heavy Duty Scale Remover

This is a buffered blend of acid for removing rust & scale w/o attacking the base metal. Use as a “Dip” for rusty parts and as “High Dilution” descaler for water systems. (HOC)

Scale It

This is a safety descaler uniquely composed of acids, wetting agents, inhibitors, and a color indicator for removal of rust and corrosion from marine equipment. The acids in Scale It work through corrosion deposits, but due to the inhibitors present, will not attack base metal. The wetting agents reduce the surface tension of the descaling solution for quicker penetration through rust and corrosion. The color indicator is quick to identify product strength. (HOC)

ENGINEERING

Sodium Hypochlorite 12.5%

Sodium hypochlorite is utilized where there are requirements for bleaching and sterilization but safety and ease of handling cannot be compromised. It is similar to common household liquid bleach except that the concentration is much higher. (HAS)

USES:

Food Sodium hypochlorite is used in the sanitization of porous and nonporous surfaces. It can be applied to both non-food contact surfaces as well as surfaces where food contact will occur. Agriculture and aquaculture industries also use sodium hypochlorite in the sanitization and treatment of various food products.

Municipal & Industrial Water Often sodium hypochlorite is utilized for its ability to destroy algae and waterborne organisms, bacteria, and viruses. It also assists in the control and elimination of humanly objectionable odors and taste.

Textile Sodium hypochlorite is mainly used as a bleaching agent.

Wastewater Sodium hypochlorite helps in the destruction of cyanide in waste streams. It also assists in the removal of various oxidizable organics and inorganics. Color removal in wastewater streams is also an application for sodium hypochlorite.

Calcium Hypochlorite

Municipalities use calcium hypochlorite in place of chlorine gas or liquid bleach to purify water. It is also effective for treating wells; sanitizing new water mains; controlling algae, especially sudden growths, in reservoirs, filters and other equipment; treating sewage and controlling odors. PPG's Induclor granular and 3/4-inch tablet calcium hypochlorite are NSF 60 certified for drinking applications. (PPG)

Test Strips

Aqua Check

These test strips measure 0-10ppm free and total chlorine. 50ct Tube.

Chlorine Test Strip

These test strips measure 10-200ppm Chlorine Test Strips, 200ct

Here is some general information on chlorine to help you figure things out in a pinch.

Chlorine Conversion Information

Figures should be considered approximate starting point, based upon starting with non-chlorinated water. (ppm = parts per million)

Back Ground Information

Household liquid bleach is approximately 4.25% Chlorine (Sodium Hypochlorite)

Commercial liquid chlorine is approximately 12.5% Chlorine (Sodium Hypochlorite)

Converting Calcium Hypochlorite (Dry Chlorine) to Liquid

Dissolve 1.5lbs of dry Calcium Hypochlorite into one gallon of hot water. This will approximately yield a 12.5% Liquid Chlorine solution.

Potable Drinking Water

Acceptable chlorine range is 0.3ppm to 0.9ppm, with most water districts standards set at 0.5ppm.

Using household bleach:

To obtain 0.5ppm dilution, it takes 3oz of 4.25% household bleach for each 1,000 gallons of water.

Using commercial bleach:

To obtain 0.5ppm dilution, it takes 1oz of 12.5% commercial bleach for each 1,000 gallons of water.

Using dry chlorine (65% Calcium Hypochlorite):

To obtain 0.5ppm dilution, its takes 3/8oz for dry chlorine for each 1,000 gallons of water.

Factory Processing Water

Acceptable chlorine range is 3.0ppm to 9.0ppm, with most factory standards set at 5.0ppm.

Using household bleach:

To obtain 5.0ppm dilution, it takes 30ozs of 4.25% household bleach for each 1,000 gallons of water.

Using commercial bleach:

To obtain 5.0ppm dilution, it takes 10ozs of 12.5% commercial bleach for each 1,000 gallons of water.

Using dry chlorine (65% Calcium Hypochlorite):

To obtain 5.0ppm dilution, its takes 3-3/4ozs for dry chlorine for each 1,000 gallons of water.

SAFETY EQUIPMENT

Eye and Face Protection

Lexa Safety Eyewear

Lexa protective eyewear offers exceptional construction at an economical price. The aspheric lens provides uninterrupted coverage and an extended viewing range and its frame is fully customizable with three lens angles and four temple lengths. Meets ANSI Z87.1-2003 and CSA Z94.3 (3M)

Nuvo Safety Eyewear

Nuvo™ Protective Eyewear Gray Anti-Fog Lens, Gray Frame (3M)

IMPACT Safety Goggles

They protect eyes from flying chips and particles. Uses direct ventilation with polycarbonate lens. They will fit over most personal glasses. They are fully adjustable and flame retardant headband. Meets ANSI Z87.1-2003 (3M)

CHEMICAL Splash Safety Goggles

They provide dual protection from spray, liquid splash and impact from flying chips and dust particles. Indirect ventilation prevents splash from reaching eyes. They will fit over most personal glasses. They are fully adjustable, flame retardant headband. Meets ANSI Z87.1-2003 (3M)

H8A Deluxe Ratchet Headgear

Ratchet headgear for use with any 3M™ Face shield. High-strength thermoplastic crown provides impact resistance and face protection. Has adjustable ratchet suspension with five position crown strap. (3M)

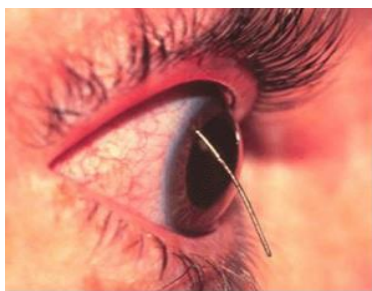

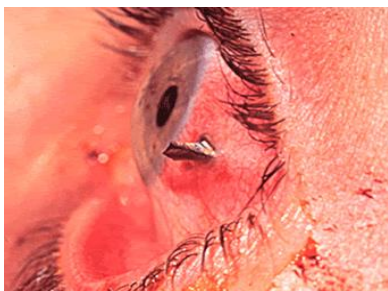

WP96AF Clear Polycarbonate Window

Standard size, molded general purpose polycarbonate face shield offers high impact face protection. Face shield mounts quickly to any 3M™ Headgear without tools, snaps or cams. Requires protective eyewear, sold separately (3M)

H8A Deluxe Ratchet Headgear with WP96AF Clear Polycarbonate Window

The ratchet head gear and Polycarbonate Window together from below as on unit. (3M)

Eye Injuries

SAFETY EQUIPMENT

Fend All Eyewash Refills

Sperian saline personal eyewash bottles are portable and readily available for use, these emergency eyewash bottles contain a buffered, saline solution that is sterile and superior to tap water for emergency. Perfect for flushing nuisance particles such as pollen, dust, saw dust, smoke, etc., as well as for immediate treatment en route to primary eyewash unit or continued irrigation en route to medical care after a 15-minute eyewash

Sperian Sterile Single Station (16 oz)

Durable, open-face design Wall Stations hold bottles firmly in place with easy access to bottles in an emergency to provide immediate flushing until the injured person can be helped to a primary emergency eyewash device. They offer high visibility in a hazard area and are readily available for emergency flushing and decontamination of the eyes, face and body. Each system is designed for easy “snap-out” access to Eyewash or Body flush bottles. Wall Stations mount easily with provided fasteners. Integral overhang protects bottles from dust and debris to minimize maintenance requirements. Durable plastic is easy to clean. All wall stations include Personal Eyewash or Body flush. Extended flow opening provides longer flow rate than conventional bottles.

Head Protection

3M™ Hard Hat 4-Point Pinlock Suspension, H-700 Series

Protective hard hat with comfortable 4-point Pinlock suspension and standard brow pad. Available in several colors. Hard hat features accessory slots for ear muff attachment and/or headgear and face shield attachment. Custom imprinting is available. Meets requirements of ANSI/ISEA Z89.1-2009 Type 1, Class C, G and E.

3M™ Hard Hat 4-Point Ratchet Suspension, H-700 Series

Protective hard hat with comfortable 4-point ratchet suspension and standard brow pad. Available in several colors. Hard hat features accessory slots for ear muff attachment and/or headgear and faceshield attachment. Custom imprinting is available. Meets requirements of ANSI/ISEA Z89.1-2009 Type 1, Class C, G and E.

SAFETY EQUIPMENT

Hearing Protection

E-A-R™ One Touch™ Dispensing Unit with Stand

Patented "No Waste Funnel" system allows reuse of both the base and refill bottle. (Order earplugs separately) This is the most reliable delivery system in the world. Versatile design includes tabletop or wall-mount options for convenient dispensing. (3M)

E-A-Rsoft™ Yellow Neon One Touch™ Refill

E-A-Rsoft™ earplugs were the first foam earplugs ever and are the most popular in the world. These un-corded foam earplugs feature soft, slow-recovery foam for comfort and outstanding noise reduction. Earplugs are easy to roll down and insert, then expand within the ear canal for a comfortable, secure fit. Soft, low pressure for all day comfort; Non-allergenic, moisture resistant and non-flammable, yellow for high visibility. NRR 33dB (3M)

EAR soft™ Yellow Neon Regular Corded

These corded foam earplugs feature soft, slow-recovery foam for comfort and outstanding noise reduction. Soft foam earplugs are easy to roll down and insert, then expand within the ear canal for a comfortable, secure fit. NRR 33dB (3M)

TaperFit™ 2 Large Corded Earplug

TaperFit 2Plus corded foam earplugs provide a comfortable, individualized fit and excellent attenuation. Its smooth foam expands in the ear canal to help provide comfortable hearing protection and a NRR 32dB. These soft, corded foam earplugs are easy to use again and again, reducing waste. (3M)

EAR soft™ Metal Detectable Regular Corded

Highest noise reduction ratio available in metal-detectable corded earplugs. Both the cord and the earplugs are metal detectable and recognized by most metal-sensing systems, these earplugs feature an implanted stainless steel ball bearing in the plug and metal particle in the cord. Soft foam earplugs are easy to roll down and insert, then expand within the ear canal for a comfortable, secure fit. NRR 33dB (3M)

105 Over-the-Head Dual Cup Hearing Protector NRR 30dB

Peltor™ Optime™ over-the-head earmuffs feature double-shell technology to provide effective hearing protection for noise levels up to 105 dba. NRR 30 dB (3M)

Hygiene Kit for H10A

SAFETY EQUIPMENT

Extend the life of earmuffs with 1 pair of replacement cushions and 1 pair of dampers. (3M)

Respiratory Protection

3M 8200 Particulate Respirator

This economical disposable N95 particulate respirator is designed to help provide reliable worker respiratory protection against certain non-oil based particles. (3M)

Half Mask Respirators

North® 7700 Half Mask face piece is made of soft, hypoallergenic silicone. Made of silicone and conforms to a worker's face better than rubber. Three face piece sizes available for easy fitting. The North 7700's cradle suspension system also adds to the comfort of this respirator. The North 7700 half mask doesn't slip like respirators with conventional strap systems. The cradle suspension gives an even seal without creating pressure points. The low profile of the North 7700 half mask gives workers a wide field of vision and room for protective eye wear. Its low inhalation and exhalation resistance makes breathing easier, leaving more energy for production. (NOR)

Full Mask Respirators

North® 7600 Series full face respirator is designed to provide eye, face and respiratory protection while providing optimum comfort. The North 7600 offers more than a 200° field of vision and the hard coated full face polycarbonate lens protects the wearer's eyes and face against irritating gases, vapors and flying particles. North 7600 full face respirator polycarbonate lens also features optical properties similar to the Norton 180® Protective Spectacle to minimize distortion and astigmatism. NIOSH and MSHA certified. (NOR)

Defender Cartridge & P100 Particulate Filter

A multi-purpose cartridge for organic vapor, chlorine, hydrogen, sulphur dioxide, hydrogen sulfide (escape), hydrogen fluoride, chlorine dioxide, ammonia, methylamine, and formaldehyde and P100 particulate filter (99.97% minimum filter efficiency). (NOR)

Mercury Vapor, Chlorine Cartridge w/ESLI & P100 Filter

The North Mercury Vapor/Chlorine Cartridge/P100 Filter is approved for mercury vapors and chlorine; 99.97% efficient against solid or liquid particles including oil-based particles. Mercury Vapor, Chlorine Cartridge with End of Service Life Indicator & P100 Particulate Filter

Fall Protection

3M™ SafeWaze™ Lanyard

These lanyards employ a convenient low-profile design

for wearer comfort. The energy absorbing technology has been designed into the core of the lanyard, eliminating the need for an external shock pack. Impact indicators are exposed in the event of a fall to aid the identification of lanyards that must be removed from service. (3M)

3M™ Feather™ Harness

Fall Protection Safety Harness with sliding back D-ring. This is a quick donning harness. (3M)

3M™ Feather™ Harness w/ 2 Waist Rings

Fall Protection Safety Harness with sliding back D-ring, and two waist D-rings. This is a quick donning harness. (3M)

FACTORY / PLANT

Cleaners

Super Red Plus

This is a specialty blend of concentrated emulsifiers, surface active agents, high foaming surfactants, and detergents. This product was designed for cleaning and degreasing food processing equipment, tanks, and machine parts, cooling water systems, air coolers and fuel oil heaters. The extremely high solids content and high pH (13.8) and can be diluted up to 600:1 for steam cleaning applications. Excellent for emulsifying animal fats, fish oil & slime too. Use protective gear and apply with pressure washer, foam gun or brush. (HOC) CAT: A1

Super Red

This product is similar to Super Red Plus, but safer on the skin due to lower pH (11.9). Use protective gear and apply with pressure washer, foam gun or brush. (HOC) CAT: A1

Foam Chlor

This is self-foaming, high foaming heavy duty chlorinated alkaline cleaner for the food processing industry. When used in conjunction with foam generating equipment, it will produce a copious amount of dense, stable foam, which clings to equipment, walls and surfaces. Alkaline Detergent builders loosen and break up soil particles. The available chlorine promotes the proteolysis' removal of protein foods soils. (ANC) CAT: A1

Formula 222

Removes fish slime, carbon and oil (slight emulsification on petroleum) quick rinsing. For general cleaning mix 2oz with a gallon of water, for use as a Heavy Duty "Spray & Wipe" at 1oz per pint of water. (HOC)

Aluminum & Stainless Steel Cleaners

Aluma Bright

"Aluma Bright" is a specially formulation cleaner and oxidation remover that gives aluminum brightness obtainable in no other way. "Aluma Bright" is a complex of many chemicals, which remove diesel smoke deposits, salt film, oxidation and discoloration. It also contains grease-cutting solvents, which remove grease and dirt. (HOC) CAT: A3

Rust Away Concentrate

A heavily bodied, high performance, acid based cleaner designed to dissolve rust and oxidation on metal surfaces. Because of the versatility of the product it can be used as a rust stripper, a metal conditioner, a metal brightener and a tarnish remover for copper, brass and other nonferrous metals. Its surfactant system allows it to remove grease and oil simultaneously to removing oxidation and corrosion. Also dissolves running rust. No rinsing needed. Rinsing will degrease prepped surfaces. Ready for painting when dry. (HOC)

FACTORY / PLANT

Cleaning Equipment

Push Lever Mixing Stations (Wall Mount)

The Push Lever Mixing Station is a chemical Proportioner for accurately diluting a chemical concentrate to the required ratio and filling any sized container with diluted, ready-to-use chemical solution. This venturi injection system uses city water pressure (25 - 125 psi) to draw and blend chemical concentrate into the water stream to create an accurately diluted solution. Push Lever Mixing Stations require the user to push and hold the lever to dispense. Available with several flow rates to dispense into any sized container or equipment.

Lafferty Internal Tank Foamers & Tank Sprayers

Powered by compressed air and are designed for use in facilities where plumbed water pressure is unavailable, unreliable or lower than the 35 psi required for venturi Foamers and sprayers. Ready-to-use chemical solution is held in the ASME rated stainless steel tank and compressed air is used to provide the required solution pressure for operation. With no air pump or other moving parts, Internal Tank Foamers and Sprayers are virtually maintenance free, providing unrivalled durability. All models feature all stainless steel carts, hinged stainless steel mounting enclosures and stainless steel pressure relief pop-off valves.

Disinfectants & Sanitizers

Bio Sol Concentrate

This is a highly concentrated bactericide, effective disinfectant, sanitizer and deodorizer. This EPA Registered product is unscented for use in food services areas. Use as sanitizer for food contact surfaces, equipment and utensils and glassware. Excellent for use in food plants, dairies, meat plants. It is also excellent for use in deodorizing and disinfecting garbage receptacles, floors, walls, etc. (HOC) CAT: D2

CIP Chlor Clean

This is a highly concentrated food plant, "Cleaning-in-place" detergent. "CIP" contains a blend of organic acids that dissolve milk stone, calcium deposits, and many other incrustations developed in food processing operations. (ANC) CAT: A1

IO Clean

An Acidic, iodine based cleaner for one step disinfection in hospitals, nursing homes, food plants and restaurants. It can be used for sanitizing non food contact surfaces. It is very effective as a hand dip and shoe bath sanitizer. (HOC) CAT: D2, E3

Sodium Hypochlorite 12.5%

Sodium hypochlorite is utilized where there are requirements for bleaching and sterilization but safety and ease of handling cannot be compromised. It is similar to common household liquid bleach except that the concentration is much higher. (HAS)

(See end of Engineering Section for more details.)

FACTORY / PLANT

Food Grade Defoamers

Foam Out FG

“Foam Out FG” Silicon Defoamer is a stable silicon emulsion for use as general purpose defoaming agent in food processing plants. This product is extremely effective in preventing foam generation. “Foam Out FG” is an excellent choice for rendering operations, tank cleaning, and fish processing. (ANC) CAT: 5A

De-Foam

De-Foam is a specialty formulation developed to control foaming problems. “De-foam” is synthetically linked liquid formula. One of the key ingredients is called “Organo-slasto-polysiloxane”. This provides for the systemic control of foaming problems in most applications. It also is highly effective to keep foam from building up. This product has been engineered specially for low temperature foaming problems, and is very unique in that regard. (HOC)

Test Strips

Aqua Check

These test strips measures 0-10ppm, Free and Total chlorine. 50ct Tube.

Chlorine Test Strip

These test strips measure 10-200ppm, Total Chlorine. 200ct Tube.

Iodine Test Strips

These test strips measure 12-100ppm, Iodine. 200ct Tube.

QAC QR Test Strips

These test strips measure 50-400 ppm, Quaternary Ammonium Compound. 100ct Tube.

pH Test Strips

These are colorpHast test strips and measure 0-14ppm, pH. 100ct Tube.

Blue Powder Free Disposable Industrial and Factory workers extended use gloves 10/100ct Case. Sizes Small to X-Large

Sleeves

Elastic cuffed sleeves protect from shirt sleeves getting wet and help stop water and refuge from entering gloves or sleeves, thus keeping the worker more comfortable and less fatigued.

Aprons

Aprons protect workers from waste and waste water getting the clothes and slowing down production.

Hairnets, Beard Guards

Hairnets and beard guards help protect products from being contaminated by hair and help keep waste and refuge from getting in workers hair and beards.

Pleated Face Mask w/Ear Loop

This mask protects product and workers from respiratory contamination during the production process.

3M™ Particulate Respirator

This economical disposable N95 particulate respirator is designed to help provide reliable worker respiratory protection against certain non-oil based particles.

Boot Covers

Disposable shoe covers protect shoe from contaminates entering and leaving clean rooms and productions areas.

Iron Duke 15" PVC Steel Toe Boots

Whether you find yourself working on a vessel or farmland, these boots will keep you warm, dry, protected and comfortable.

FACTORY / PLANT

Hand Care

Sanitizing Hand Soap

Effective bacteria controlling hand soap. This product is acceptable for use as a hand washing and sanitizing compound (E2) for use in and around food processing areas. Product is 100% Bio-degradable. (HOC)

Kutol HSC E-2 Skin Cleaner/Sanitizer

HSC E-2 is a one-step sanitizing hand cleaner with powerful antibacterial agents (and no iodine). Is dye and fragrance free! NSF Registration Number: 059145 listed as category Code E-2. This product is acceptable for use as a hand washing and sanitizing compound (E2) for use in and around food processing areas. (KUT)

E-2 Sanitizing Lotion Soap

This is a one-step hand washing and sanitizing soap for the food processing industry. It eliminates the need for a chlorine dip. NSF Registration Number: 049455 listed as category Code E-2. This product is acceptable for use as a hand washing and sanitizing compound (E2) for use in and around food processing areas. Is fragrance free! (GOJ)

SCOTT® Roll Control Center-Pull Towel

The SCOTT® Towels are used with our center-pull systems that reduce dispensing problems & provide more hand dries per case - the economical and effective choice for your hand drying needs. They meet the EPA standards with a minimum 40% post consumer waste. 7.8" roll diameter. (KCC)

Exceptional Workplaces®

KC Professional Center Pull Towel Dispenser

No matter which direction you pull, it's easier than ever to pull off one fresh towel from our Roll Control Center-Pull Towel System. Patent pending design minimizes roping and streaming. One-handed loading makes for reduced maintenance time. One at a time dispensing reduces costs and waste. Made of durable ABS Plastic and are available in White or Smoke. Keyed or push button lock flexibility. When installed properly, these dispensers meet the ADA Standards for Accessible Design. (KCC)

Exceptional
Workplaces®

Welcome to

The Healthy Work Place Project™!

Wouldn't it be great if you could reduce your probability of catching cold and flu viruses at the workplace by up to 80%? That's what these products can help you do!

It is part of The Healthy Workplace Project™, a smart convenient way for your office to be a truly healthier place.

The best part is? It's really easy!

Just follow these 3 simple steps every day: **Wash, Wipe & Sanitize**. Using the Kleenex® and Scott® Brand products in your caddy, you can eliminate 99.9% of illness-causing germs in your workspace. Now that's a healthy improvement.

WASH

WIPE

SANITIZE

These products make all the above very easy.

SCOTT® Disinfectant Wipes

Kill bacteria and viruses on hard nonporous non-food contact surfaces. Because they're designed to be discarded after use, SCOTT® Disinfectant Wipes eliminate transfer of germs between dirty rags and surfaces, reducing the risk of cross contamination.

KLEENEX® Moisturizing Foam Hand Sanitizer

This is effective against a wide range of microorganisms. This clear 62% Ethyl Alcohol formula dispenses luxury foam with a light fresh fragrance. It effectively kills 99.99% of germs on hands in less than 15 seconds, without the use of water. Our proprietary formula contains moisturizers and conditioners to hydrate the skin.

KLEENEX® Anti-Viral Facial Tissue

This 3-ply tissue has a moisture-activated middle layer that is scientifically proven to kill 99.9% of cold and flu viruses in the tissue within 15 minutes. Virucidal against: Rhinoviruses Type 1A and 2, Influenza A and Influenza B, respiratory Syncytial Virus.

GALLEY / KITCHEN

Grill & Oven Cleaning

Grill Shine

Use in poultry and meat processing facilities for all food cooking surfaces; its formula will not harm equipment and can be used on all kitchen surfaces and utensils except aluminum and copper. Produce excellent results on grills, hoods, deep fat fryers, Rotisseries, ovens, burners, cooking and baking utensils, stove tops and racks. Easily removes grease and baked-on carbon deposits without the toxic fumes that other similar products produce. Contains fast acting wetting agents and surfactants to aid in removing difficult burnt-on stains and deposits. Clean with less effort and time to minimize your down time. (HOC) CAT: A8

Mr. Muscle® Oven & Grill Cleaner (Aerosol)

An Institutional formula with heavy duty cleaning power for fast and easy cleaning of institutional, industrial and commercial surfaces. It works immediately on warm or cold ovens. Self-scouring action with unsurpassed clinging ability starts breaking down tough, baked-on grease and grime on contact, for less scrubbing. Dual usage: for quick jobs or time-lapse action. Use on ovens, grills, broilers, hoods, pots, pans and fryers. Contains no CFCs. (DRK)

Griddle Cleaning System

For use on griddles that has been cooled.
Three components: Holder, Polish Pad and Screen

Scotch-Brite™ Griddle Pad Holder Kit

Protects hands from grease and burns while providing better cleaning leverage. 4x5.25" holder has blue plastic handle with metal base. Kit includes one pad holder, one polish pad, and one screen. (3M)

Scotch-Brite™ Griddle Polishing Pad

Use between Griddle screen and holder. Strong nylon web construction contains hard working abrasives for additional cleaning power. (3M)

Scotch-Brite™ Griddle Screen

Loosens carbonized grease and food debris from griddle. Tough aluminum oxide abrasive particles provide fast cleaning action. (3M)

3M™ Grill Brick

A specially compounded to disintegrate during use to expose an unused surface. Works well on all hot or cold flat top griddles. This 8x4x3.5" brick is reusable for several cleanings. (3M)

GALLEY / KITCHEN

Cleaners

Super Red Plus

This is a specialty blend of concentrated emulsifiers, surface active agents, high foaming surfactants, and detergents. This product was designed for cleaning and degreasing food processing equipment, tanks, and machine parts, cooling water systems, air coolers and fuel oil heaters. The extremely high solids content and high pH (13.8) and can be diluted up to 600:1 for steam cleaning applications. Excellent for emulsifying animal fats, fish oil & slime too. Use protective gear and apply with pressure washer, foam gun or brush. (HOC) CAT: A1

Super Red

This product is similar to Super Red Plus, but safer on the skin due to lower pH (11.9). Use protective gear and apply with pressure washer, foam gun or brush. (HOC) CAT: A1

Formula 222

Removes fish slime, carbon and oil (slight emulsification on petroleum) quick rinsing. For general cleaning mix 2oz with a gallon of water, for use as a Heavy Duty “Spray & Wipe” at 1oz per pint of water. (HOC)

Enviro Safe Zero FP Concentrate (New!)

This powerful cleaning concentrate gets its name for its zero rating in three NFPA categories of flammability, health, and reactivity. It is so safe it can be used to clean virtually any surface-metal, plastic, wood, fiberglass, rubber, fabrics, glass, and more. But this concentrate is not only safe to use, it's strong. (ANC)

Enviro Safe H2O2 R-T-U Cleaner (New!)

Using the power of hydrogen peroxide, this product is the next generation in cleaning. There are many “oxygen-based” cleaners on the market these days, but H2O2 R-T-U is different. It is specifically formulated at a higher pH than other cleaners. Hydrogen peroxide is more active at a higher pH, which means better cleaning and stain removing properties than the other market brands. This higher pH also allows the surfactants to work better. (ANC)

Enviro Safe H2O2 Concentrate (New!)

Using the power of hydrogen peroxide, this product is the latest generation in cleaning. Specifically formulated at a higher pH than other cleaners, the hydrogen peroxide is more active, which provides better cleaning, and stain removing. This pH also allows the surfactants to be more effective, ultimately giving you better cleaning performance. This concentrated formula can also be diluted at a variety of rates to clean everything from delicate fabrics to hard surfaces. Use it on many surfaces including glass, carpet, fabrics, furniture, upholstery, stainless steel, plastic, metal, clothing, countertops, appliances, sinks, floors, tile, grout, and walls. Removes soils such as: coffee, red wine, tea, juice, Kool-Aid®, grass stains, ink, blood, grease, pet stains, soda. (ANC)

Grease Master

GALLEY / KITCHEN

This 95% citrus solvent is made with emulsifiers and is biodegradable. Dissolves tar, pinion grease, carbon, and opens grease traps. (ANC) CAT: C1

Sanitizers

IO Clean

An Acidic, iodine based cleaner for one step disinfection in hospitals, nursing homes, food plants and restaurants. It can be used for sanitizing non food contact surfaces. It is very effective as a hand dip and shoe bath sanitizer. (HOC) CAT: D2, E3

Bio Sol Concentrate

This is a highly concentrated bactericide, effective disinfectant, sanitizer and deodorizer. This EPA Registered product is unscented for use in food services areas. Use as sanitizer for food contact surfaces, equipment and utensils and glassware. Excellent for use in food plants, dairies, meat plants. It is also excellent for use in deodorizing and disinfecting garbage receptacles, floors, walls, etc. (HOC) CAT: D2

Sodium Hypochlorite 12.5%

Sodium hypochlorite is utilized where there are requirements for bleaching and sterilization but safety and ease of handling cannot be compromised. It is similar to common household liquid bleach except that the concentration is much higher. (HAS)

(See end of Engineering Section for more details.)

GALLEY / KITCHEN

Dishwashing Soap and Materials

Enviro Safe Dish Soap (New!)

This heavy-duty detergent features powerful cleaning agents that penetrate quickly to soften and remove heavy grease and stubborn dried-on food. Although it's designed for hand dishwashing of heavy pots and pans, it also contains special rinse agents to ensure spot-free drying of more delicate kitchenware like glasses, silverware and crystal. It offers long-lasting Suds, and is mild to skin and hands. (ANC)

Dawn® Manual Pot & Pan Dish Detergent

Dawn's® outstanding grease cleaning washes up to 2 times more dishes than the leading competition. Dawn® Manual Pot & Pan Detergent is a dependable dishwashing liquid that fights grease, leaving your pots, pans and dishes squeaky clean. (PGC)

Joy® Manual Pot & Pan Dish Detergent

Joy® has long-lasting suds with powerful surfactants to clean a wide variety of soils. Designed to be mild, Joy® has a high surfactant level to give a rich layer of suds and high suds mileage. Lemon scent (PGC).

Green Works™ Natural Dishwashing Liquid

Green Works Natural Manual Pot and Pan Detergent is made using effective natural sources, such as essential oils and coconut-based cleaners, to create a 99 percent natural cleaner. Cleaner cuts through baked-on foods and leaves no harsh chemical residue on dishes, pots or pans. Detergent is not animal tested. Packaging meets EPA CPG. Post-consumer content at least 25% and total recovered content at least 25%. (CLO)

S.O.S® Steel Wool Soap Pads

Extra-thick steel wool pad with double the soap. Cuts grease and shines metal. Ideal for heavy duty scrubbing of pots and pans! Rust inhibitors and interwoven design make pads last longer. 12/15ct pads per Case (CLO)

Premiere™ Stainless Steel Scrubbers

Stainless steel for rough cleaning chores won't rust or splinter. Cleans pots and pans, grills, ovens; removes floor scuff marks. MD 1.25-oz or LG 1.75oz (PAD)

Scotch-Brite™ Power Pad

The Power Pad scours up to four times faster than conventional commercial scouring products. Scouring power for the toughest cleaning jobs, yet gentle enough to use on most surfaces. Up to eight times less abrasive than other medium/heavy duty commercial scouring products. Has a unique bow-tie shape. 5.5x 3.9" 20ct Case (3M)

Scotch-Brite™ Power Sponge

Two cleaning tools in one - a Scotch-Brite™ Power Pad combined with a sponge. It is eight times less abrasive than other commercial scouring products to reduce scratching. Features 3M's unique anti-microbial technology integrated into every fiber. Sponge resists growth of odor-causing bacteria through hundreds of uses. (3M)

Hand Care

Kutol E-Z E-2 Foaming Bacteria Controlling Hand Soap

A fast-acting, foaming hand cleaner that cleans and sanitizes in one step. Contains a strong antibacterial agent with no iodine – kills most common germs and is ideal for use in all food related facilities. NSF E2 certified – complies with E2 chlorine equivalency testing. Must be rinsed off after use. Dye-free and fragrance-free. (KUT)

Kutol E-Z Foaming Antibacterial Hand Soap

Is our leading antibacterial hand soap. Formulated with 0.5% Triclosan, lab test prove that it kills 99.9% of most disease-causing bacteria. With an amber color, citrus-spice scent and enhanced with Aloe and Vitamin E, this unique foaming formula lathers quickly and leaves hands feeling clean and smelling fresh. (KUT)

Kutol #4 EZ Foam Instant Hand Sanitizer (No-Alcohol)

Foaming Instant Hand Sanitizer (No Alcohol) is effective and convenient to sanitize hands when soap and water are not available. The formula has 0.2% Benzethonium Chloride to eliminate 99.9% of common germs within 15 seconds. This is enhanced with Aloe Vera and Vitamin E to moisturize skin. More economical, no medicinal odor and does not dry out skin like alcohol sanitizers. Is non-flammable and dye free with a light linen fragrance. Is ideal for use where a non-alcohol product is desired. E-3 rated.

Kutol #4 EZ-Foam Instant Hand Sanitizer (Alcohol)

Foaming Instant Hand Sanitizer (62% Alcohol) is effective and convenient to sanitize hands in situations where soap and water is not available. When used properly, this fast-acting product kills 99.9% of common germs within 15 seconds. Our 62% Ethyl alcohol formula also meets CDC recommendations for the highest hand antisepsis.

Kutol #4 EZ Foam Dispenser

One dispenser for BOTH foam and liquid! With a contemporary design and unique top-dispensing feature, EZ Hand Hygiene® Wall Mount is our most popular dispensing system. Originally developed for our eleven EZ Foam® foaming hand soaps, it also accommodates three EZ Liquid® lotion soaps. This versatility allows for more options and flexibility.

GALLEY / KITCHEN

SCOTT® Roll Control Center-Pull Towel

The SCOTT® Towels are used with our center-pull systems that reduce dispensing problems & provide more hand dries per case - the economical and effective choice for your hand drying needs. They meet the EPA standards with a minimum 40% post consumer waste. 7.8" roll diameter. (KCC)

Exceptional Workplaces®

KC Professional Center Pull Towel Dispenser

Can Liners

Low Density Can Liners

These durable liners prevent tears, eliminate double bagging. They are available in many different sizes. See order form for available sizes and colors. (NOR)

High Density Can Liners

Premium Can Liners using exclusive metallocene catalyst technology resin. All the strength of high density bags without the zippering. Tear strength and elasticity of hexane linear. Has unique 99.9% HexSeal leak proof construction. HexSeal construction holds one third more load than gusseted bags. (AEP)

Exceptional
Workplaces®

Welcome to

The Healthy Work Place Project™!

Wouldn't it be great if you could reduce your probability of catching cold and flu viruses at the workplace by up to 80%? That's what these products can help you do!

It is part of The Healthy Workplace Project™, a smart convenient way for your office to be a truly healthier place.

The best part is? It's really easy!

Just follow these 3 simple steps every day: **Wash, Wipe & Sanitize**. Using the Kleenex® and Scott® Brand products in your caddy, you can eliminate 99.9% of illness-causing germs in your workspace. Now that's a healthy improvement.

WASH

WIPE

SANITIZE

These products make all the above very easy.

SCOTT® Disinfectant Wipes

Kill bacteria and viruses on hard nonporous non-food contact surfaces. Because they're designed to be discarded after use, SCOTT® Disinfectant Wipes eliminate transfer of germs between dirty rags and surfaces, reducing the risk of cross contamination.

KLEENEX® Moisturizing Foam Hand Sanitizer

This is effective against a wide range of microorganisms. This clear 62% Ethyl Alcohol formula dispenses luxury foam with a light fresh fragrance. It effectively kills 99.99% of germs on hands in less than 15 seconds, without the use of water. Our proprietary formula contains moisturizers and conditioners to hydrate the skin.

KLEENEX® Anti-Viral Facial Tissue

This 3-ply tissue has a moisture-activated middle layer that is scientifically proven to kill 99.9% of cold and flu viruses in the tissue within 15 minutes. Virucidal against: Rhinoviruses Type 1A and 2, Influenza A and Influenza B, respiratory Syncytial Virus.

HOUSEKEEPING

Disinfectants and Sanitizers

Enviro Safe H2O2 R-T-U Cleaner (New!)

Using the power of hydrogen peroxide, this product is the next generation in cleaning. There are many “oxygen-based” cleaners on the market these days, but H2O2 R-T-U is different. It is specifically formulated at a higher pH than other cleaners. Hydrogen peroxide is more active at a higher pH, which means better cleaning and stain removing properties than the other market brands. This higher pH also allows the surfactants to work better. (ANC)

Enviro Safe H2O2 Concentrate (New!)

Using the power of hydrogen peroxide, this product is the latest generation in cleaning. Specifically formulated at a higher pH than other cleaners, the hydrogen peroxide is more active, which provides better cleaning, and stain removing. This pH also allows the surfactants to be more effective, ultimately giving you better cleaning performance. This concentrated formula can also be diluted at a variety of rates to clean everything from delicate fabrics to hard surfaces. Use it on many surfaces including glass, carpet, fabrics, furniture, upholstery, stainless steel, plastic, metal, clothing, countertops, sinks, floors, appliances, tile, grout, and walls. Removes soils such as: coffee, red wine, tea, juice, Kool-Aid®, grass stains, ink, blood, grease, pet stains, soda. (ANC)

Turbo DC

An excellent multipurpose germicide formulation that cleans disinfects and deodorizes. Designed for institutional use, hospitals, and housing, hotels, and processing plants. (HOC)

Bio Sol Concentrate

This is a highly concentrated bactericide, effective disinfectant, sanitizer and deodorizer. This EPA Registered product is unscented for use in food services areas. Use as sanitizer for food contact surfaces, equipment and utensils and glassware. Excellent for use in food plants, dairies, meat plants. It is also excellent for use in deodorizing and disinfecting garbage receptacles, floors, walls, etc. (HOC) *CAT: D2*

Pure Bright™ Bleach (Liquid)

This is a 5.25% Sodium Hypochlorite Solution. This product can be used on hard non-porous surfaces in commercial, institutional hospital and household premises (including kitchens, bathrooms, nurseries, sick rooms, laundry rooms) eating establishments, Pet kennels, veterinary premises, farms, and food processing plants. (KIK)

Sodium Hypochlorite 12.5%

Sodium hypochlorite is utilized where there are requirements for bleaching and sterilization but safety and ease of handling cannot be compromised. It is similar to common household liquid beach except that the concentration is much higher. (HAS)

(See end of Engineering Section for more details.)

HOUSEKEEPING

Multipurpose Surface Cleaners

Citrus Power

Excellent degreaser ideal for pressure washer cleaning from the light duty jobs to heavy duty job. Can be used manual with brush and sponge for the tough areas. Safe to use on painted surfaces. (HOC)

Formula 222

Removes fish slime, carbon and oil (slight emulsification on petroleum) quick rinsing. For general cleaning mix 2oz with a gallon of water, for use as a Heavy Duty “Spray & Wipe” at 1oz per pint of water. (HOC)

Enviro Safe Zero FP Concentrate (New!)

This powerful cleaning concentrate gets its name for its zero rating in three NFPA categories of flammability, health, and reactivity. It is so safe it can be used to clean virtually any surface- metal, plastic, wood, fiberglass, rubber, fabrics, glass, and more. But this concentrate is not only safe to use, it’s strong. (ANC)

Super Scrub

A true multi-purpose cleaner for shipboard use can be used for light duty cleaning and those big heavy duty cleaning jobs. Cut grease, carbon, cutting & hydraulic oils. Low foaming and safe on paint emulsifies petroleum and rinses freely. Maybe used with scrubbing machine or as “no-rinse Spray & Wipe”. (HOC)

Floor Care Products

OFFense™ Stripper

Is a high-performance, Patented, fast acting, no-rinse stripper. Specially formulated to quickly penetrate and dissolve hard-to-remove floor finish build up, is low-odor and low foaming. For vinyl, vinyl composition, vinyl asbestos, marble, terrazzo, concrete, and magnetite floors. (FRK)

Misty® Aspire® Baseboard Stripper (Aerosol)

Aspire® Baseboard Stripper is a special high foaming floor stripper formulation developed to let chemistry do the hard work of removing years of unsightly wax and buildup. Ideal for use on surfaces such as baseboards and kick plates not normally reached with conventional stripper applications. It is excellent for spot stripping hard to reach vertical and horizontal areas where foot traffic is minimal, under tables, counters, along walls, behind fixtures, etc. Layers of build up are quickly emulsified by chemical action for easy, speedy removal leaving your floor ready for new wax. (AMR)

DE-Fense® Non Buff Floor Finish

This is a popular finish for economical, low speed maintenance systems. This clear durable acrylized film has 18% solids. Good initial gloss with excellent scuff and black heel mark resistance and spray buffable. It is recommended for all types of flooring except unsealed wood. (FRK)

HOUSEKEEPING

FreshBreeze™ Ultra Concentrated Neutral pH Cleaner

Is our most economical and concentrated neutral cleaner. It effectively cleans without dulling the finish. Low foaming, biodegradable, rinse free with a clean citrus fragrance. Use with a mop or auto scrubber. Maybe used on any surface not harmed by water. (FRK)

Floors Pads

Designed to be washable and reusable, lasting up to 4 to 25 times longer to help postpone landfill disposal, depending on the pad. The pads are packaged in recycled and recyclable materials. They are available in many colors and sizes. Please janitorial catalog for more details. (3M//PRE)

DYMON Liquid Alive® Enzyme Digestant (Aerosol)

Stain remover, Digestant and deodorizer. Formula contains no APE's, utilizes enzymes technology. It is highly recommended as a carpet pre-spot treatment before shampooing. Dissolves grease, dirt, protein and other organic stains such as blood, cosmetics, urine, fecal matter, Kool-Aid®, ink, wine, iodine, and vomit. (DYM)

Water Extraction Carpet Cleaner

This is formulated for hot water extraction systems and provides an aggressive combination of ingredients for cleaning carpets that are loaded with tough soils. Designed for use where the soil load cannot be removed by surface cleaning. When this product is used in combination with Carpet Pre-spray, the combination salvages heavily soiled carpets. These environments often include schools, restaurants and industrial offices. (FRK)

Glass and Window Cleaners

Enviro Safe Glass Cleaner (New!)

This ready-to-use cleaner provides rapid, no-streak cleaning of all glass surfaces, tile porcelain and plastic. This powerful formula also features special polishing and dust repellent agents to give glass and mirror surfaces a fingerprint and dust repellent barrier. (ANC)

Windex® Glass Cleaner & Windex® Glass Cleaner Refill (not concentrated)

Windex® cleans with Ammonia-D® for a streak-free shine. Loosen soil upon contact. Won't streak or leave a film. Also cleans chrome, stainless steel, Plexiglas® and other hard surfaces. Product contains no phosphates. NSF C1 registered. 32oz Bottle Ready-To-Use with Trigger Sprayer 12/32oz per Case (DRK) 4 gallons of Ready-To-Use refill gallon Bottles per case (DRK).

Misty® ASPIRE™ Glass & Surface Cleaner

ASPIRE™ specially formulated for streak-free use on glass, mirrors, plastic, video displays and even on highly reflective materials. Fast-breaking foam clings to vertical surfaces to quickly dissolve film, smudges and smears. Biodegradable, source reduced cap, ultra low VOC, NSF Listed A1 & C1. Meets and certified SCS. (AMR) CAT: A1, C1

Furniture Cleaners and Polishes

Old English® Wood Care Furniture Polish (Aerosol)

The quick and easy way to clean, shine and help protect your furniture every day without residue build-up. It's specially formulated to remove marks and soft drink stains. Has a pleasant Lemon scent. (DRK)

Old English® Scratch Cover for Light Woods

This liquid polish is designed to hide nicks and scratches in wood furniture, paneling, and floors for light and medium woods like pine and oak. Helps restore damaged wood surfaces and hides unsightly scratches and nicks. (DRK)

Old English® Scratch Cover for Dark Woods

This liquid polish is designed to hide nicks and scratches in wood furniture, paneling, and floors for dark woods like mahogany and cherry. Helps restore damaged wood surfaces and hides unsightly scratches and nicks. (DRK)

Pledge Furniture Polish (Aerosol)

Gentle cleansing conditioners remove fingerprints, smudges and dirt from wood furniture, cabinets, paneling, vinyl and leather. Shines, dusts, polishes, protects in one easy step. Anti-Dust® formula with Allergen Trappers™ keeps surfaces dust-free longer. It leaves no waxy buildup. (DRK)

MISTY Stainless Steel Cleaner (Aerosol)

This oil based cleaner was specifically designed to use on stainless steel; most other metal surfaces such as chromium, aluminum, zinc, mild steel, brass, copper silver. When used on these surfaces in accordance with the directions, this cleaner restores a "like new" brilliant shine and leaves a protective coat to help retard tarnishing. (AMR)

MISTY Painless Stainless Cleaner (Aerosol)

This product is a water-based formula used for cleaning and polishing stainless steel, chrome, Formica, copper, aluminum, brass & other hard surfaces. It is a water-in-oil emulsion, where the oil surrounds the water and contacts the surface to be cleaned first. This allows the product to act like a solvent (oil-based) system while not having its oiliness or flammability. This product is ideally suited for use in food preparation areas, where the odor of mineral spirits and aromatic solvents would be objectionable. This pleasantly fragranced product cuts through grease and oil while leaving a protective shine. (AMR)

BRASSO Polish

Removes tarnish from brass, copper, chrome, stainless steel, aluminum, bronze and pewter quickly and gently. Product contains no harsh acids. It leaves a smooth, polished surface and brilliant shine. 8/8oz Containers per Case (REC)

HOUSEKEEPING

Restroom Products

Mint Fresh

This multi-active dark green liquid has a high viscosity that clings to vertical ceramic and porcelain surfaces. No unpleasant acid fumes the annoy and irritate, rather it fights odor pollution, and cuts stubborn uric acid stains and lime-salt deposits that accumulates in concealed spots of a bowl or urinal. It removes water lime marks and deposits under the rims of the bowls and behind urinal lips. (HOC)

Nature's Way

This is a non-pathogenic bacterium which produces enzymes to remove grease, soils, organic oils, and food by-products from grease traps, septic tanks, down pipes, drain lines, portable toilets, recreational vehicles, sump pumps, wet wells and Marina's. It reduces odors, and suspended solids. It uses both aerobic anaerobic bacteria and microbial nutrients. (HOC)

Professional LYSOL® Brand Disinfectant Toilet Bowl Cleaner

Cleans, disinfects and deodorizes toilets and urinals. Thick liquid coats the entire bowl to remove and prevent lime scale and rust buildup. Kills staph, pseudomonas, salmonella, E. coli—even HIV-1 (AIDS virus). It removes stubborn rust and mineral deposits as it cleans. Has a nice wintergreen scent. EPA Registered. (REC)

Para-Zyme™ Products

These blocks contain billions of beneficial bacteria that release enzymes to destroy odors at their source. Enzymatic Para deodorizer is effective for up to 30 days in high, medium, or low traffic situations. They have a readily identifiable speckled block and a springtime fragrance. Available as follows:

- **Para-Zyme™ Urinal Blocks** They are individually wrapped. 12/3-oz per Box (FRS)
- **Para-Zyme™ Bowl Blocks** They have a plastic hanger has a pressure sensitive clip that hold the block in place, even during cleaning. 12/3.5oz per box (FRS)
- **Para-Zyme™ Urinal Screen with Para-Zyme™ Block** Pliable screen traps debris and protects drain. 12/3oz Screen with Blocks (FRS)

Non-Para Toilet Bowl Block/Rim Hanger

Theses clean deodorize and change water color to aqua with every flush. They fight uric acid odors and prevent stains up to 30 days with an evergreen fragrance. (BGD)

Non-Para Extra-Duty Urinal Screen

Theses white flexible screen traps debris while the enzyme block cleans and deodorizes as you flush. They fight uric acid odors up to 30 days with an evergreen fragrance. (BGD)

The Wave™ Urinal Deodorizers

Flexible, translucent vinyl screen allows full view of urinal drain to ensure optimal flow while trapping debris and reducing splash back and are ten times more fragrant than other deodorizers.

HOUSEKEEPING

Laundry Products

SUPER WASH (Powder)

This is a low suds laundry detergent that is amazingly mild, and will not damage or shorten linen life. This is perfect for any machine washable clothes. Rinses easily and thoroughly, leaving no irritating or deposits. SUPER WASH is designed for every make, model and type of automatic washer. Will not clog or slow down wash-rinse action as excessive suds can. Optical brighteners and color-safe bleach are carefully combined to provide glistening whites and bright colors. This product is phosphate free. (ANC) CAT: B1

ALL Liquid Laundry Detergent

Get the cleaning performance you need and the freshness you want at a value price. Effective is all water temperatures. Heavy-duty dirt and grime lifters remove the toughest stains. Special designed for institutional uses.

Tide® HE Laundry Detergent

Designed specifically to work with high efficiency washers using only a fraction of the water needed in a traditional machine. Fluorescent whitening agents help maintain whiteness and brightness. Enzymes help break down complex soils such as blood or grass. Leaves clothes smelling fresh and clean.

Seventh Generation® Natural 2X Concentrate Laundry Detergent

Created with care to lift and remove stubborn stains, dirt and grease. Unique formula contains plant-derived cleaning agents and enzymes that are non-irritating to skin. Works well in both hot and cold water. Designed for standard and HE machines. Free of optical brighteners, dyes and synthetic fragrances. Hypoallergenic

Shout® Laundry Stain Remover

Combines the cleaning power of lemon with other powerful stain fighters to quickly penetrate, break up and eliminate the toughest, greasiest stains. Use on motor oil, grass, blood and other protein-based stains. Shout® is safe on colorfast washables. (DRK)

RESOLVE® Spray 'n Wash® Stain Remover

This is specially formulated with powerful stain-fighting ingredients that penetrate and eliminate the toughest stains. Safe for all colorfast washables, works in all temperatures. (REC)

Downy & Ultra Downy Fabric Softeners

Makes all your clothes soft and fluffy soft. Helps prevents static cling.

Final Touch Liquid Fabric Softener

Use to get a soft, smooth and fragrant clothes.

HOUSEKEEPING

BRITE™ Powdered 6% Organic Dry Bleach (Powder)

BRITE Bleach's organic powdered laundry bleach has a unique combination of ingredients to safely bleach all white fabrics whiter and brighter. Its release of chlorine is controlled, unlike the complete and immediate release from hypochlorite bleach. This release helps to minimize fabric damage, like pinholes and tensile strength loss. Has excellent performance in stain removal in hot, warm or cold water on white cotton and linen fabrics. Dissolves completely and rinses easily. Ideally suited for use in hotel/motel, nursing homes, hospitals, restaurants, etc. (FOR)

Pure Bright™ Bleach (Liquid)

This is a 6.0% Sodium Hypochlorite Solution. This product can be used on hard non-porous surfaces in commercial, institutional hospital and household premises (including kitchens, bathrooms, nurseries, sick rooms, laundry rooms) eating establishments, Pet kennels, veterinary premises, farms, and food processing plants. (KIK)

Bounce® Fabric Softener Sheets

Special ingredients are released by the dryer's warmth and tumbling action to soften and give clothes an outdoor fresh scent with no static cling. Sheet size is 11x11". (PGC)

Final Touch® Fabric Softening Sheets

When used in the dryer these fabric softening sheets help fabrics emerge fluffy, soft and fresh spring scent. (PBC)

Niagara Spray® Starch

Refresh your fabrics and boost your confidence with one of America's leading starches. Well-trusted ironing aid provides a long-lasting, professional finish to your clothing. Spray on immediately before ironing to produce crisp, sharp creases.

Laundry Bag

Durable mesh laundry bag 24x36" with draw string closure.
