## 46 - Manufacturing -- Sourcing -- Warehousing

Don't see exactly what you need? Contact us and we can work with you to find a solution to your problem. Whether we manufacture the product ourselves, source it from one of our trusted suppliers or warehouse product for you, we can often develop a custom program that works especially for you!

# How to Measure for a Shower Curtain

## Width

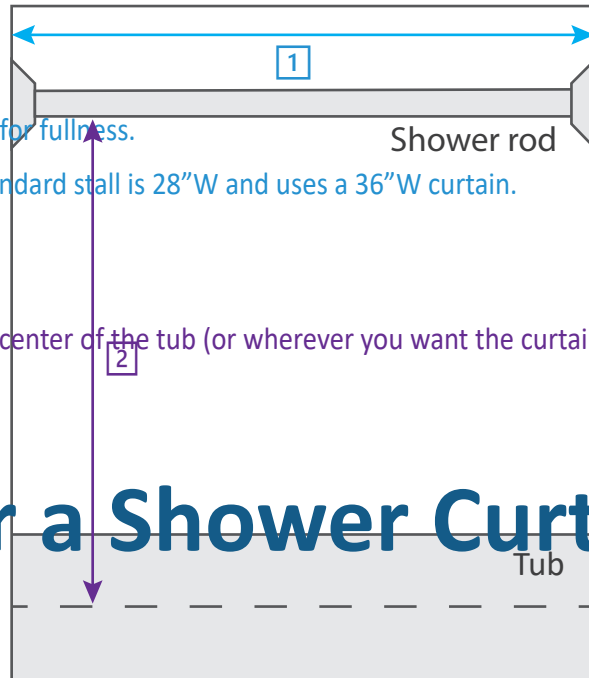

Measure the width of the rod and add 15% to 20% for fullness.

A standard tub is 60"W and uses a 72"W curtain. A standard stall is 28"W and uses a 36"W curtain.

## Length

Measure from the bottom of the shower rod to the center of the tub (or wherever you want the curtain to fall).

Add 2" if selecting a Hang2it header curtain.

# MADE ON DEMAND CURTAINS

## Made on Demand!

### Your curtains... your way

Work with our design team to create customized curtains you need to match your brand or your space. You can mix and match options from the header style to the curtain material size to the bottom weights.

## 1 Curtain material, size and color

First, select the curtain material and size that you need as a base for the design to fit the space and budget for your project.

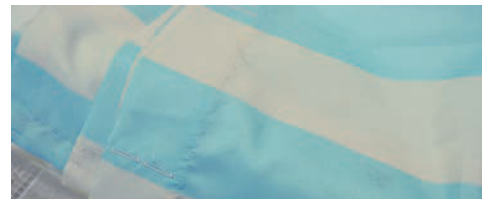

### Material

Choose one of our stocked materials as a base, or we can work with you to create a custom design or use an existing design.

### Size

Request the correct width and length needed for your particular application.

### Color

Select from our stocked colors or give us Pantones that match your brand colors or existing bathroom decor. Minimum order quantities may apply.

## 2 Heading

Next, pick the style of heading for your curtain. Select from a variety of options including traditional sewn eyelets, metal grommets, our patented Hang2it Buckles, snap loops, velcro strips, rod pockets and more!

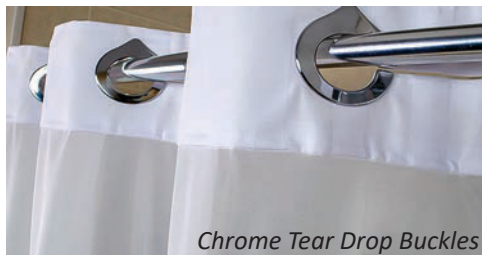

Sewn Eyelet

### Traditional

Traditional sewn eyelets or metal grommets are a common option for many situations.

Metal Grommet

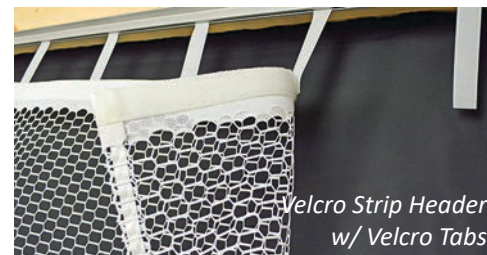

Chrome Tear Drop Buckles

### Hang2it

Our patented "Tear Drop" or "Z" style Hang2it Buckles are the best engineered in the industry. Available in white, beige, chrome and custom colors.

White Z Buckles

Velcro Strip Header w/ Velcro Tabs

### Specialty

Institutions and healthcare facilities can choose velcro loops or a velcro strip header. Options such as rod pockets, snap loops and mesh headings are also available.

Snap Loop Header

# MADE ON DEMAND CURTAINS

## ③ Window

Fabric light view windows are practical and add a touch of elegance to your curtain design.

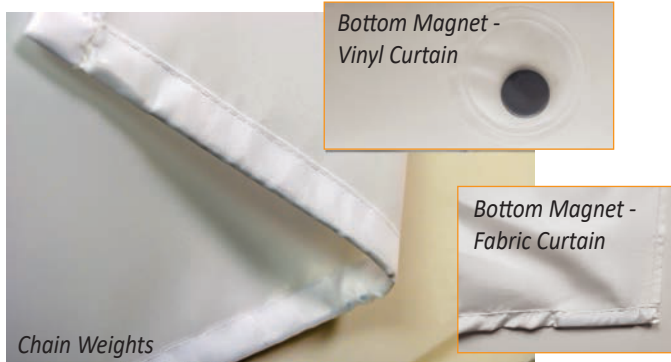

### Poly Knit Window

Allow light into the shower and the security of seeing into the bathroom with the most durable fabric window in the industry! Available in white and beige.

## ④ Bottom

Adding weights, magnets, and chain weights are popular options for the bottom of your curtain.

### Bottom Magnets, Weights and Chain Weights

**Bottom magnets** can be sewn into the bottom hem of fabric curtains.

**Chain weights** can be sewn into the bottom hem of fabric curtains.

**Bottom weights** or magnets can be heat sealed onto vinyl curtains.

## ⑤ Liner

Add an optional liner to your curtain to protect and extend the life of your outer curtain.

### Snap Away or Attached Liner

**Snap Away liners** use metal or plastic snaps to attach to the curtain. They are removable for easy laundering or replacement. **Attached liners** are sewn directly to the outer curtain. Liners come standard with bottom magnets.

## ⑥ Custom Options

You think of it, and we'll make it! We can accommodate custom constructions, screen printing, embroidery or festooning to closely match your unique design needs.

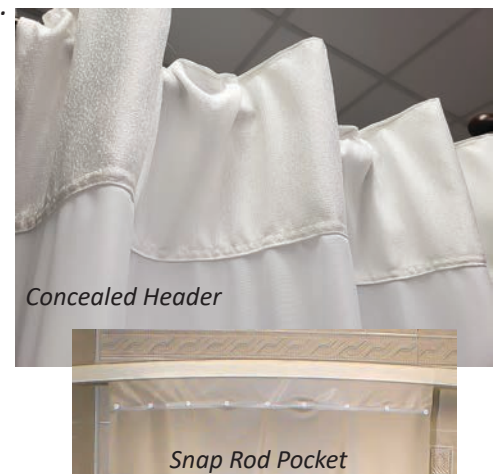

### Screen Printing

Add screen printing to your fabric or vinyl curtain to create a truly personalized design.

### Festooning/Embroidery

Curtains can be adorned with custom festooned stripes. We can also add custom embroidery to curtains as well as our robes and slippers.

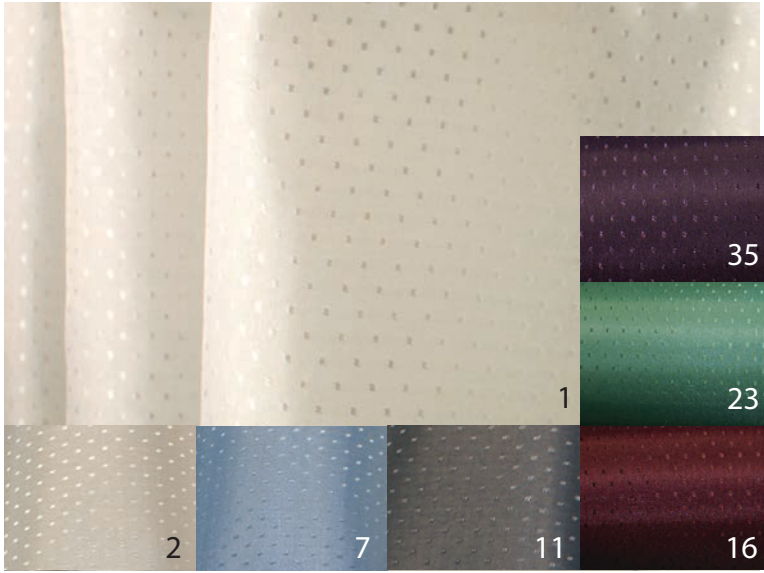

### Special Construction

Whether custom construction such as unique sizes, magnets along the sides or concealed buckles, contact us with any special needs you may have!

## Linen and Napkins

### TABLE LINEN

On our Table Linens we back-tack and miter each corner providing style and a clean appearance in 31 possible colors.

Also available in Satin Multi Stripe, Satin Wide Band, Checkpoint and Symphony finishes.

Contact a customer service rep for full details, availability and pricing.

### NAPKINS

For our Napkins we use cutting techniques to provide for uniform and thinner corners, which prevent laundering problems.

Each napkin is hand trimmed and inspected to make certain of its quality.

Hemmed Napkins are lock-stitched with four back-tacks providing extra reinforcement to each corner.

## Mesh

### 1/2" HOLE MESH

100% Nylon. Available in White and Beige. **NFPA 701 Certified.**  
Made in USA.  
Stock sizes: 12", 20", 22", and 36"

### FRAMED IN MESH

This finish is offered on our 1/2" Hole Mesh with any cubicle material of your choice in any size option.

Our 1/2" hole mesh is  
NFPA 701 Certified

### Custom Construction

Mesh tops can be added to any of our stocked material. Contact us if you would like to use a third party's material.

### BREAKAWAY MESH - HEADER

A velcro strip is placed on the top of the 1/2" hole mesh and typically hangs on breakaway track (SC-TRACKVL) with separate velcro tabs (MVT-1) in environments where patient safety is a concern.

Curtains are constructed in the US or Mexico and can be combined with any of our stock fabrics with no minimums required.

### BREAKAWAY MESH - BODY

A velcro strip is placed on the bottom of the 1/2" hole mesh and at the top of the body material, making for a fast and easy removal in an emergency.

Curtains are constructed in the US or Mexico and can be combined with any of our stock fabrics with no minimums required.

## Curtain Carriers and Safety Tabs

### SPOOL CARRIER

One piece nylon spool carrier with tangle-free swivel and nickel-plated hook. These carriers slide comfortably within our cubicle tracking system. Use 2 carriers per foot of track, plus one extra per two feet (2.5 carriers/foot).

CC-CARRIER Spool Carrier

### BREAK AWAY CARRIERS

Two piece nylon roller carrier breaks away for safety when added pressure is pulled down on them. These carriers roll comfortably within our cubicle tracking system. Use 2 carriers per foot of track, plus one extra per two feet (2.5 carriers/foot).

CC-BREAK Break Away Carrier White

### Custom Advantage

Cubicle track can be ordered in one continuous length up to 18 feet. This significantly reduces installation labor time and creates a smoother track.

We sell individual amounts and pack according to your order.

### NO CHAIN CARRIERS

One piece nylon spool carrier with tangle-free swivel and nickel-plated free-hanging hook. These carriers slide comfortably within our cubicle tracking system. Use 2 carriers per foot of track, plus one extra per two feet (2.5 carriers/foot).

CC-NOCHAIN No Chain Carrier

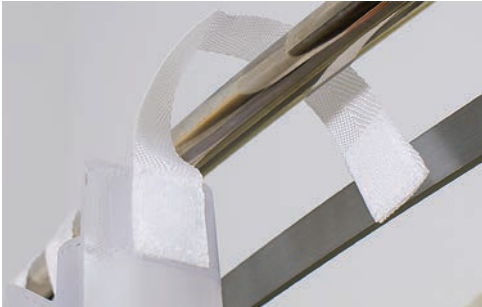

### VELCRO SAFETY TABS

Safety tabs are 4" long and 3/4" wide. The amount of resistance before "breaking" is determined by the number of tabs installed in the track. One tab every 4" is recommended.

Use with Breakaway Track (SC-TRACKVL AND SC-TRACKWML).
